Membership notes:

1. Membership statistics presented each March are the latest provided by the NATA. Changes that seem out of the ordinary may be due to the timeliness of the data provided by the NATA. Both the 1996 and 2001 numbers are suspect. March is used because we have data from earlier years to use as a comparison. Some earlier membership information found in the archives are as follows:

June 1983:	376 members (196 certified)
June 1984:	451 members (251 certified)
June 1986:	502 members (276 certified)
March 1987:	472 members (268 certified)
June 1987:	501 members
June 1988:	562 members
January 1990:	660 members (412 certified)

2. Certified Athletic Trainers who are not members of the RMATA (January 2003):

Arizona:	70
Colorado:	106
New Mexico:	34
Utah:	55
Wyoming:	1
Total:	266 (17.2% of all ATC's in District 7)

3. Members should be reminded that all membership lists (address, e-mail, etc.) originate with the NATA National Office. The RMATA gets membership data from the NATA and the state associations get their membership data from the RMATA. All changes need to be made with the NATA National Office. District or state officers cannot change a members address, e-mail, phone, etc., this must be done by the member through the National Office. Changes may be made in the following ways:
 - A. On the Internet: Members log into the NATA "Members Only" web site and click on "Address Changes" (<http://www.nata.org/members1/members.cfm>).
 - B. Via e-mail: Send an e-mail to sandyw@nata.org with any changes.
 - C. By phone: 214-637-6282
 - D. By fax: 214-637-2206
 - E. By mail: 2952 Stemmons Freeway, Dallas, TX, 75247-6196
4. Members should also change their address with the NATA-BOC. The NATA and the NATA-BOC do coordinate address databases but there is a time lag.
5. Members use their member number and Social Security number to log into the "Members Only" section of the NATA web site. If anyone objects to using their Social Security number may contact Sandy Ward at the NATA National Office and change it to any 9 digit number. The Members Only section contains:
 - A. NATA News
 - B. Journal of Athletic Training (not mailed after March 2003 unless requested)
 - C. Employment listings
 - D. Membership directory (printed directory is still sent since it is sponsored and does not cost the membership any money)
 - E. Membership renewal, information changes and printing of membership card
 - F. Member benefit programs
 - G. Leadership Directory
 - H. Committee web sites
6. Membership in the NATA was 29,590 in January 2003. Membership statistics are on the NATA web site.
7. The U.S. Department of Labor's Bureau of Labor Statistics has predicted that there will be an 18.5% growth in athletic training jobs from the year 2000 to the year 2010. (BLS Monthly Labor Review, Nov. 2001) This does not include jobs in athletic training education.
